

# Quality Policy

3d Leisure is a specialist leisure facility management company offering management services to corporate gyms, hotel leisure clubs and spas, private health clubs, school gyms and sport centres.

3d's Mission is to work with our clients' members and employees to encourage and support them to adopt a healthier lifestyle.

To fulfil this Mission, we are committed to ensuring that customer needs and expectations are fully satisfied, as well as complying with relevant laws and regulations, and any applicable codes of practice, as they affect our products and services.

To help us achieve these aims, we have implemented a Quality Management System (QMS) complying with the international standard ISO 9001:2015.

In addition, we are committed to continually improving the effectiveness of our QMS and have set, and will monitor performance against, relevant quality objectives and targets.

This policy is periodically reviewed to ensure its continuing suitability, and is communicated to all members of staff, through induction and general awareness training. It is displayed in strategic locations in the company, and is published on the company website, making it fully available to all interested parties.
